Creating a more Sustainable World

TUESDAY

Waste Aware

WEDNESDAY

Climate Action Summit

THURSDAY

Get Outdoors & Connect with Nature

FRIDAY

Food in Focus

DIDYOU KNOW

NTU is committed to working towards the 17 United Nations Sustainable Development Goals and were early signatories to the S DG Accord in 2016.

We're working with UPP, Enva and Nottingham City Council to make recycling easier. So, whether you're at home, on campus or out and about recycling is the same wherever you go!

NTU is working towards fostering a Zero Carbon Culture across the NTU community. Join us for the Climate Action Summit to find out more.

Our Brackenhurst and Clifton Campuses have been awarded Green Flag Awards for the 9th year running! NTU is now committed to becoming a Hedgehog Friendly Campus. We have a Sustainable Food and Drinks Policy at NTUour catering team is committed to working with local suppliers with strong animal welfare practices.

GET INVOLVED

Take a look at our webpages to learn more about what's happening at NTU. Deepen your understanding of the UN Sustainable Development Goals and check out Nottingham's Carbon Neutral Charter by 2028. And then commit to making your own personal sustainability pledge!

Take part in a short virtual discussion session to help us improve recycling at NTU! For taking part you'll be entered in a £25 voucher prize draw.

Sign up for one of three 30 minutes sessions at either 11am, 3pm or 6pm.

Climate Action Now for a Carbon Neutral Future! Join us for the virtual Climate Action Summit to learn more. share ideas, network with fellow students, staff and sustainability professionals. Workshops will cover Taking Climate Action, Reducing Plastics, Protecting Hedgehogs, and more. Register your place here

Join in the summit from the up to reserve your spot!

Find out more about connecting with nature and read more about NTU's commitment to protecting **biodiversity** across campuses. NTU is home to a range of wildlife and green spaces, and if you're based at City Campus why not check out one of these walking trails around campus.

Read more about NTU Catering's commitment to sustainability or try a vegetarian meal at an NTU refectory.

Consider completing the Sustainability In Practice module to learn more about sustainable food systems.

AT HOME

Check out our Staying Sustainable While Staying Home webpage for top tips on reducing your energy, water and waste along with maintaining well-being and connecting with nature!

Follow the waste hierarchycan you minimise the amount of waste in your house? Take the Plastics Pledge on NTU Green Rewards and learn more ways to avoid singleuse plastics.

comfort of your home! This year's summit will be fully virtual allowing everyone to take part even if we can't physically be together. Sign Pull on your walking shoes and get out and about, if you pick up one piece of litter you've made a change. Check out NTU Moves to see how you can be rewarded for moving more!

Consider going meat free for a meal, a day, or a week. Adding in more plant-based meals can have a big impact. And don't forget to log your meat free day to earn points in NTU Green Rewards

HAPPENING ALL WEEK

- Join up to NTU Green Rewards to take part in activities and get rewarded for your green actions.
- Get your flat/department/group involved in a sustainability project and let us know how you get on!
- Active Travel Challenge—during Green Week you can earn rewards for walking and cycling through both NTU Green Rewards and NTU Moves. Need a bike? You can hire a bike from NTU for only £49 a year!
