Experiment: [Enter Text](#)

Portfolio Skills:

Bioscience skills	Transferable skills
1.	1.
2.	2.
3.	3.

Title: [Enter Text](#)

Aim: [Enter Text](#)

Summary of evidence

Briefly summarize the practical work conducted (suggested maximum of 250 words). This should allow an external reader to understand the evidence presented, and may include background, brief methods, key results and your conclusions.

Portfolio Evidence

Provide tables and/or figures plus text that provide evidence of the skills listed. Include figure / table titles.

Reflection

Identify strengths and areas for improvement in relation to the work conducted in relation to career aims.
