Student Centred	A shared commitment to developing and improving students' experience of academia and extra-curricular aspects of their lives.

Principle	Characterised by
Openness and Trust	Full, open, regular communication on relevant issues, in particular issues likely to have an impact on the other party, the student population and/or other joint stakeholders.
Mutual Support and Commitment	Constructive interactions and a demonstrable commitment to making the relationship work through investment of time and resources.

Accountability	Accountability of the Students' Union to the University as supervisor (under the 1994 Education Act) and principal funder, within a mutually agreed framework which is robust, effective, efficient and compatible with the reporting requirements of other regulators (where relevant), such as HEFCE, the Charity Commission and/or Companies House. Acknowledgement by the University that the Students' Union is a major stakeholder and primary body representing the student voice.
Diversity and Equality	A shared commitment to equality and diversity and the fair treatment of all staff and students.

4. CODE OF PRACTICE (EDUCATION ACT 1994)

Section 22 of the Act sets out certain obligations in relation to the conduct of the Students' Union's affairs, and requires the University to put in place a Code of Practice setting out the way in which compliance with those obligations is overseen by the University.

The obligations (in the form of an extract from the relevant section of the Act) are set out in Appendix 1 to this Agreement.

Compliance with those obligations is monitored on behalf of the University by the Clerk to the Board of Governors and reported upon (as appropriate) to University management and the Board of Governors and its Committees.

5. RELATIONSHIP MANAGEMENT

Subject to the specific arrangements set out in this document in respect of financial matters, coordination of the interactions between the University and the Students' Union will be effected through regular meetings of joint working groups, whose respective remits will ensure comprehensive coverage of all material matters.

Where necessary, the President and Chief Executive of the Students' Union will liaise directly with appropriate members of the University Executive team to ensure that significant matters can be dealt with promptly and effectively.

The Students' Union shall support and cooperate with the University in delivery of the University's strategic plan, aligning its own activities accordingly.

The University and the Students' Union shall cooperate in establishing and maintaining a formal Student Charter, setting out the ways in which both organisations will seek to deliver a high quality experience for Students.

The Students' Union shall ensure that it adequately represents the views of all Students in accordance with its Constitution, and the University shall ensure that it provides adequate opportunity for the Students' Union to put forward those views.

The University shall be consulted on the appointment of the Students' Union's senior managers (being defined as the Chief Executive and his/her direct reports) and the University shall have the right, at its discretion, to participate in the recruitment/selection process for those post-holders, including representation on any interview/appointment panel.

The President of the Students' Union shall notify the University as soon as is reasonably practicable of any decision to suspend the Chief Executive of the Students' Union.

The Students' Union shall obtain the approval of the University to any proposal to dismiss the Chief Executive of the Students' Union. In the event that a hearing is convened in which an outcome could result in a decision to dismiss the Chief Executive of the Students' Union, then a senior member of the University (nominated by the Vice-Chancellor) shall be included as a member of the panel.

6. FINANCIAL MATTERS

6.1. Conduct of the Students' Union's financial affairs

The Students' Union shall conduct its financial affairs in a proper manner in accordance with a) charity law, b) the requirements of the 1994 Education Act, c) the applicable SORP or relevant accounting standards, and d) the provisions of this Agreement, and with due regard for applicable Charity Commission regulations and guidance.

The Students' Union shall ensure that it has in place robust Financial Regulations acceptable to the University, and agrees to consult with the University's Director of Finance on any proposed amendment of those Financial Regulations.

6.2. Grant allocation

The University shall provide grant funding (the Grant) to the Students' Union to support the Union in the delivery of its charitable objectives insofar as they relate to the provision of non-commercial support services and activities for Students.

The value of the Grant shall be determined annually by the University, taking account of the Students' Union's own annual budget proposals and associated grant funding request, which shall be presented for consideration by the University in a timely fashion as part of the University's own budget approval cycle.

From time to time the University may make elements of the annual Grant conditional upon a) the Students' Union's achievement of agreed objectives, or b) the application of that element of funding for agreed purposes.

The University will pay the Grant to the Students' Union by instalments. The profile of the instalments will be determined by the Director of Finance. The University shall be entitled to set off, from the Grant, any sums owed to it by the Students' Union.

In the event of any material breach by the Students' Union of its obligations under this Relationship Agreement, the University shall have the right to withhold any part of the Grant not yet paid to the Students' Union. Release of any Grant so withheld shall be at the discretion of the University. In exceptional circumstances where the Students' Union is in material breach of this Agreement and remedy of that breach would not adequately resolve its consequences, the University shall be entitled to seek repayment of Grant already paid to the Students' Union in that year.

6.3. Monitoring Financial Performance

The President and Chief Executive Officer of the Students' Union (along with other Union Officers and Managers as appropriate) shall meet regularly with the University's Director of Finance and the Head of Financial Services, to monitor and review the Students' Union's financial performance against its budget and wider financial plans, and to discuss any other issues which are likely to have a material impact on the Students' Union's financial position or performance.

The monitoring meetings will normally take place on a monthly basis, and shall provide opportunity to discuss any other key financial, constitutional or operational matters requiring the University's input, oversight or approval.

The Students' Union agrees to consult with the University's Director of Finance on a) any proposed contract, purchase or other single transaction with an expenditure value in excess of £50,000 and b) any proposed borrowing of money by the Students' Union other than working capital required under normal overdraft arrangements and in accordance with the Students' Union's Constitution and Financial Regulations.

To assist the University to meet its obligations under the 1994 Act, the Students' Union shall also present its audited annual financial statements for consideration at the relevant meeting of the University's Board of Governors (or committee of the Board, as appropriate).

The Students' Union also agrees to provide the University with any information reasonably required to assist the University in meeting its own legislative and regulatory obligations in respect of its oversight of the Students' Union's activities.

6.4. Audit Services

The Internal Audit Service (IAS) of the University shall act as Internal Auditors of the Students' Union. IAS will be responsible for conducting independent appraisal of the Students' Union's activities, financial and otherwise. The IAS shall consider the adequacy of controls over the Students' Union's activities necessary to secure propriety, economy, efficiency and effectiveness in all areas, and shall seek to confirm that management has taken the necessary steps to achieve these objectives. The IAS shall have right of access to all the Union's records, information and assets which it considers necessary to fulfil its responsibilities.

The IAS shall produce draft reports giving an opinion on the area reviewed and making recommendations where appropriate. These shall be discussed with the Students' Union management, who shall provide responses to the report, giving management comment and details of an agreed plan of action with timescales for implementing recommendations. A final report shall then be issued to Students'

Union management and Trustees, and copied to the University's Director of Finance. The IAS shall respect the confidentiality of the Students' Union's affairs, and shall be mindful of the need to avoid potential conflicts of interest.

The Students' Union's External Auditors shall be appointed in accordance with its Constitution. The provision of external audit services to the Union of Students should be subject to tender at appropriate intervals.

8. DOCUMENT GOVERNANCE

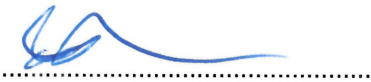

This Relationship Agreement shall be kept under review by the Clerk to the Board of Governors of the University. The Clerk shall report periodically to the Board of Governors and its Committees (as appropriate) to confirm compliance with this Agreement and to advise on any amendments which may be deemed necessary from time to time.
