

# Global Summer School 2024

15 - 26 July

**Applications are open now!**

## Financial Markets and Investments - 10cps

### Content

this course provides a practical overview of the global financial markets and an examination of some of the common financial asset classes. The purpose of this course is to equip you with the skills required to analyse financial securities and to exploit market opportunities.

It focuses on:

- a) the analysis of the main financial markets and securities
- b) the analysis of financial statements and
- c) the management of equity portfolios.

### During the course you will explore:

- Economic indicators
- Currency markets
- Financial statement analysis
- Fixed income (money and debt markets)
- The Stock Market: equity valuation
- Options: An introduction
- Introduction to Portfolio Management.

**Teaching** on this course will be interactive. Lessons will be delivered via a combination of lectures, seminars, and workshops. Participants will also engage with experiential activities such as simulations and group work.

**Ramalakshmi** - This course allowed me to develop my skills while also providing me with the opportunity to secure accreditation

NTU Global Summer School 2024
