

Developing the digital: Helping students understand their digital capabilities

Gemma Stafford-Keal and Marcus Elliott

What we've been doing...

- Investigated the field of digital literacies and capabilities
- Developed a Digital Literacy Self-Assessment

Jisc Digital Capabilities – 6 elements

Our Digital Capabilities – the ‘Burger of Digital Literacies’

Identity and Wellbeing

Information,
Media and Data
Literacies

Creation,
Problem Solving
and Innovation

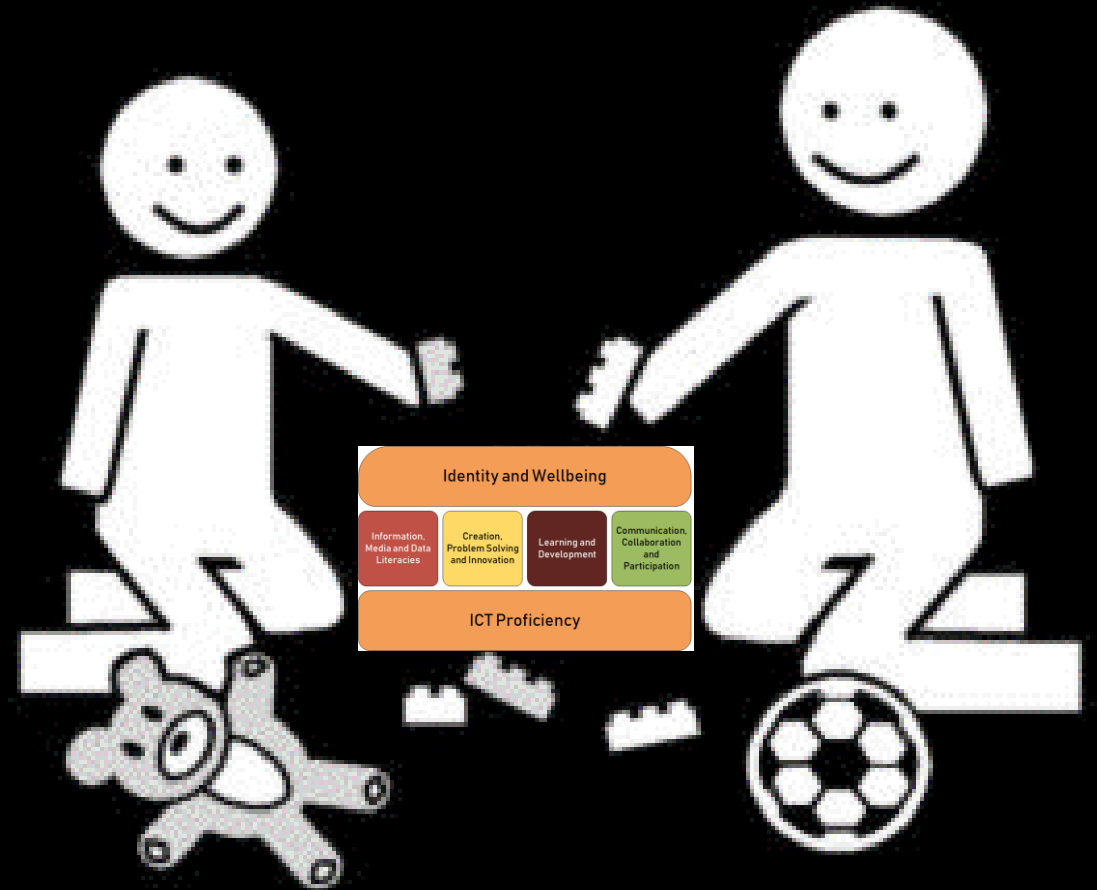

Learning and
Development

Communication,
Collaboration
and
Participation

ICT Proficiency

What we would like you to do...

Help us create a set of questions

Next steps

Continue the conversations

Complete and refine the question set

Build the tool

Test with students
