OPEN DAY GUIDE

Clifton Campus
Saturday 4 November 2017, 10 am – 3.30 pm
Welcome

I am delighted to welcome you to our open day here at Nottingham Trent University. 2017 has been a really successful year for us, so it is a great time to come and find out if NTU is for you.

NTU is a teaching intensive university. Whilst our academic research feeds directly into how we deliver our teaching, it stands as one of four pillars of our approach to your education. The most important of these pillars is our systematic design and delivery of the curriculum. Enabling our students to learn, to develop, and to pursue their chosen career is the reason NTU was created and it is still what drives us today. We weave together the academic and the vocational – all of our new students are required to undertake a work related experience – underpinned by a tutorial system that helps you get the most out of your time with us. Around 96% of our 2016 graduates had a job six months after leaving us*; more importantly, almost 80% were in graduate entry employment or education.

Our third pillar is the quality of our facilities. For example, the Pavilion on our Clifton Campus won the Buildings that Inspire category at The 2017 Guardian University Awards, in part because it generates more energy than it consumes. It also was one of the reasons NTU came top of the People and Planet University Green League this year, making us the most environmentally friendly university in the UK.

The fourth and final pillar is the range of activities we encourage our students to undertake outside of the curriculum, supported by one of the UK’s outstanding Students’ Unions. Our Men’s Football and Rugby Union teams were promoted recently to the top tier of university competition as we achieved our highest ever position in the national university sport league. We have an award winning choir amongst our musical opportunities and our students undertook over 50,000 hours of community volunteering in the last twelve months. All this in a place students have voted one of the world’s top five student cities.

Taken together, our four pillars mean as the UK Government recently stated following the results of its Teaching Excellence Framework, that NTU provides the highest quality of educational experience available in the UK. It is why NTU was awarded a Gold rating in that exercise.

This open day will help you decide if NTU is the right place for you to take the next step in achieving your ambitions and discovering who you could be.

**Need to book:** No
**Tour time:** About one hour plus travel time
**Tour type:** Self-guided

If you have time to see the city, we have an easy-to-follow guide on pages 13 to 16 of this programme, which takes you on a walking route of the city. It will take you about one hour to complete. Please note that there are hills and cobbled pavements on this route, which may be unsuitable for those with mobility difficulties. You can catch the free bus into the city centre, which will take about 20 minutes each way.
A self-guided walking tour of Nottingham city centre

This walking tour will take just under an hour to complete. Please take special care when crossing roads and tramlines, especially if you are unfamiliar with the city.

1. The bus into the city drops you off on Burton Street by the Turtle Bay restaurant. Walk up the road towards the tall white building ahead of you on the right. This is our Newton building, part of the University’s City Campus. Keeping Turtle Bay and Wagamama on your left, turn left at the corner of Wagamama to head for Nottingham’s city centre.

2. Take care using the pedestrian crossing to bring you to the front of the theatre. Now cross over the road in front of you, and follow the tram lines down Market Street.

You are now on your way to Old Market Square. This is the very centre of the city and often hosts a variety of European food fairs, fairground rides and special concerts. In the summer, the square turns into the Nottingham Riviera, with a beach, a pool, and all the entertainment you would expect from a seaside resort. Old Market Square is also a popular shopping area with lots of stores. Nottingham has an enviable reputation in the shopping stakes, with high-street names, designer boutiques and vintage treasures alongside bustling seasonal markets.

Continue along the road with the Royal Concert Hall and Theatre Royal on your right and The Cornerhouse on your left.

The Royal Concert Hall and Theatre Royal provide a diverse range of entertainment throughout the year. The University uses the Concert Hall for its Welcome Week activities and graduation ceremonies. The Cornerhouse complex includes bars, restaurants, crazy golf, and a cinema.
Once you are in the square, continue to make your way down the right-hand side past the water feature.

The large building on your left is the Council House. This may look a little familiar, as its design was based on St Paul’s Cathedral. At the bottom right-hand corner of the square, cross the road to your right and walk up Friar Lane. At the top of the road, cross the dual carriageway. This is Maid Marian Way. Continue following Friar Lane to the entrance of Nottingham Castle. Charles I raised his standard here at the start of the English Civil War.

3

Turn left and walk past the statue of Robin Hood. Further down the road from here is the country’s oldest pub, Ye Olde Trip to Jerusalem.

The Trip is built into the stone of Castle Rock itself, and the cellars are part of the cave network under the city of Nottingham. Knights popped into the inn on their way to the Crusades, and there is a model of a ship in the back room that is reputed to be haunted. Retrace your steps from here and go back up the hill until you come to Castle Gate. Turn right here and make your way back to Maid Marian Way, crossing the dual carriageway once more. Continue down Castle Gate until you reach Marks & Spencer. You are now in the main shopping thoroughfare between Old Market Square and the Broadmarsh Shopping Centre. Keeping Marks & Spencer on your left, walk up Low Pavement and Middle Pavement.

4
At the top of the hill you are at Weekday Cross. Ahead and on the right is Nottingham Contemporary, one of Britain’s most exciting art galleries.

On a more sombre note, you are looking along High Pavement towards the National Justice Museum, the only museum of law in the country, and the spot where public executions used to take place. Cross the road using the crossing so you are on the same side as Belgo. This area is known as the Lace Market, and is where all Nottingham’s lace-making was centred. Today the area offers a number of quirky shops, restaurants, bars, nightclubs, and an independent cinema. Turn left and follow the tram tracks round into Victoria Street. Once again you are among the bars, hotels and shops.

At the Exchange Arcade (Barclays and Pret à Manger on the corner), turn right and continue straight ahead into Clumber Street.

At the top of the street, with the Victoria Shopping Centre in front of you, cross the road, keeping John Lewis on your right and Burger King on your left.

At KFC, turn left into Trinity Square. Continue straight ahead past the bars and restaurants in Forman Street. The theatre is ahead of you. Turn right and head back to Burton Street and the bus stop to Clifton. Remember Wagamama is on the corner. The last bus leaves at 4.30 pm.

This brief tour of Nottingham has only scratched the surface of what the city has to offer. Other highlights include the Canal Side with its restaurants, music and comedy clubs; the National Ice Centre and Arena, and the city’s extensive sporting facilities.
