

Nottingham Trent
University

Fashion Knitwear Summer School

6 - 24 July 2026

Nottingham School of Art and Design

Jane Thomson, Course Leader

www.ntu.ac.uk/fashionknit

09/10/2025

Course content

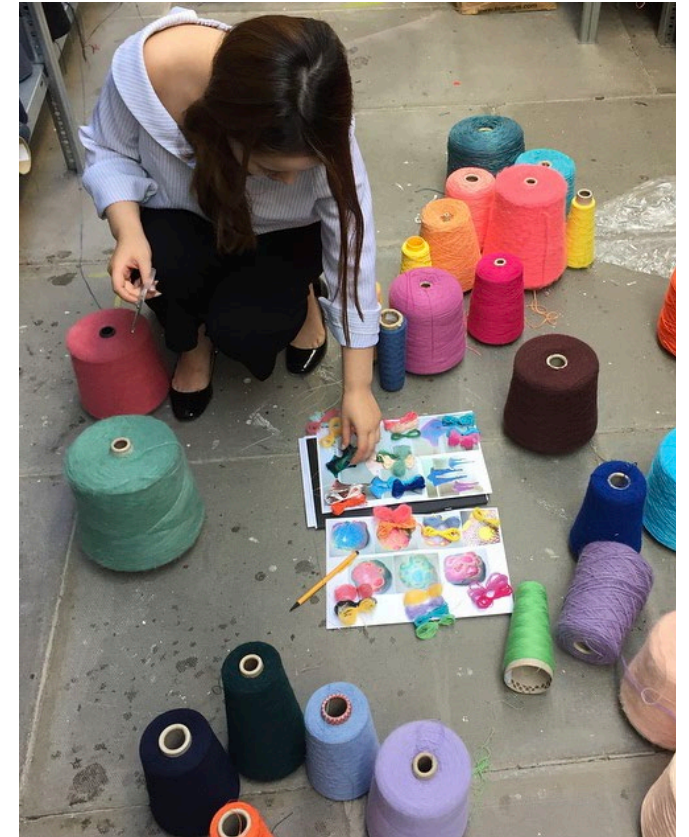

Week one

Aims and Objectives

- To deepen your knowledge, build your skills base and develop your initial fabrics on hand flat knitting machines.
- Sketchbook and design development begins.
- Design tutorials held during the week, providing you with informal critical feedback.

Course content

Week two

Aims and Objectives

- To build your skills base and continue to develop knitted fabric swatches, selecting appropriate techniques which identify links between contextual research and own sketchbook development.
- Garment design.
- Factory visit.
- Introduction to CAD knitted fabrics.
- Design tutorials will be held during the week, providing you with informal critical feedback.

Course content

Week three

Aims and Objectives

- Use the structures developed from knitted swatches in weeks one and two, knit and construct a final designed garment.
- Complete portfolio sheets, outlining illustrations of final garment using CAD.
- Finalise your technical files, using specific technical terminology.
