

Open Access deals for NTU authors

The following publishers allow NTU authors to publish gold open access for **free** providing you are the corresponding author.

Publisher:	Springer
Deal: (JISC deal)	Standard APC is \$3000. Springer has a national agreement with UK institutions which effectively allows NTU authors to publish gold open access free of charge in eligible Springer Choice (hybrid) journals . You must be the corresponding author.
NTU Pays:	£0
Procedure:	You do not need to complete an OA Fund form as there is no cost to NTU. On acceptance of your article, Springer will send you a link to the My Publication form. State your NTU affiliation and agree to the open access terms. Springer will contact the library to verify your eligibility.
Publisher:	Wiley
Deal: (JISC deal)	Wiley has a national agreement with UK institutions which effectively allows NTU authors to publish gold open access free of charge in any Wiley journal (full gold and hybrid titles are included). You must be the corresponding author.
NTU Pays:	£0
Procedure:	You do not need to complete an OA Fund form as there is no cost to NTU. If publishing in a hybrid journal, you must select online open when you log into Wiley author services . See the instructions for further help.

The following publishers offer a **discount** to NTU authors. You can benefit from these discounts even if you have not secured ADR approval to use the NTU Open Access Fund and will be making separate arrangements to pay the invoice.

Publisher:	Taylor and Francis/Routledge Open Select
Deal: (Discount)	Standard APC is £1788. Taylor and Francis offer a 75% discount for their journal titles with the standard APC fee. Ineligible titles: full open access journals including T&F/Routledge Open; Cogent OA Series; and Informa Healthcare.
NTU Pays:	£450
Procedure:	Author lets the publisher know they would like to publish open access and raises an invoice.
Publisher:	Sage
Deal: (Discount)	Standard APC is £1600. Sage offers a significant discount provided journals are in the SAGE Choice collection and

	NTU's SAGE Premier package. Discounts cannot be applied retrospectively to publications.
NTU Pays:	£200 flat rate for eligible journals.
Procedure:	Author lets the publisher know they would like to publish open access and raises an invoice.

NTU has **legacy pre-payment accounts** with Biomed Central and Springer Open, Elsevier, and PLOS One. No additional money will be added to these accounts so please contact your [Research Support Librarian](#) before submitting your publication and they will advise if there are sufficient funds for NTU to cover the payment.
