## Staff Equality Data 2017/18

NTU is committed to striving for equality, valuing diversity, and promoting inclusion. Collecting and reporting on the equality characteristics of our staff isn't just a legal duty, it enables us to make positive changes to the culture, policies and environment at NTU. It gives us a feel for our staff composition, lets us identify any trends or changes affecting certain groups, and helps us to see where there might be things we can improve.
